

WATCH OUT! THERE'S A SCARECROW ABOUT

THE CROWS of Winchcombe are in for an awful fright in August. Once again the scarecrows will adorn Winchcombe.

Open to all residents of Winchcombe and surrounding villages within a 3 mile radius. Make a scarecrow and display it before the show in on or around your house or school.

There is no limit to what form the model can take, the quirkier the better! Visitors will love admiring all your hard work. Lets make Winchcombe a scarecrow town.

Bring it to the show on Monday 29th August by 10 am with your name telephone number and age if under 16 , where it will be displayed & judged. Prizes awarded.

It's time to get started !!

RECIPE FOR YOUR SCARECROW HEAD

How to make your scarecrow. First ~ Get a balloon, blow it up and tie the end. Rip up some old newspapers into strips, and coat one side with PVA glue (it can be thinned a little with water) stick all over the balloon. Leave to dry. After a few hours apply another layer of Paper-mâché. Start to make a nose and chin by adding scrunched up paper and then cover over with another few strips. Make ears in the same way. You can pop the balloon now ~ it has done its job. Once dry, begin to paint the head, adding PVA glue to your paint, to make it stick. Now you can put your head on top of your old clothes and make a scarecrow. Stuff it with old cushions, straw, old clothes or blankets so it looks like a person. Finish it off with shoes / boots, a wig or glue on wool for hair. Your scarecrow could be a character or a sports person, a grown up or a child. Have fun !!!

AND SOME THINGS TO DO BEFORE THE SHOW DATE

Plant seeds NOW so they are big and strong by the date of the show.

Prepare your scarecrow - look in books at the library or online for more ideas.

Make a collage from seeds, pasta, leaves and material - theme this year is a "Garden Flower"

Get painting or drawing - there are lots of classes for them.

Take photographs and practice your computer enhancing skills

Make a model - kit form or from Lego, Meccano or Airfix - design your very own.

Get all those seeds/ pasta out and old beads to create a fabulous stylish necklace.

Practise your baking skills - lots of fun eating the ones that are not quite perfect !!

There are so many classes - have a look at what you are good at and you have plenty of time to practice the ones you're not so good at. **Have fun. See you on the 29th August 2011**
